1. Ensure that the packaging is carefully removed and keep the packaging in case the items need to be returned.
2. If you find any damage when you unpack the Wave Table you should report it immediately and within 7 days to your supplier.
3. Follow all the installation instructions carefully.
4. This product is designed and intended for indoor use only.
5. Do not expose this product to water or moisture in order to avoid fire and electric shock. Do not operate this product in a damp environment.
6. Always place this product on stable and level floor surface.
7. Always use this product at the indicated supply voltage only. Failure to do so may result in fire, electric shock, or product damage.
8. Use only the included power cord, power plug or power adaptor. Use of other types of power cord, power plug, or adaptor may result in fire or electric shock.
9. Always insert the power plug or power adaptor fully into the power outlet. Otherwise, it may result in overheat, electric shock or fire.
10. If the power plug does not fit into the power outlet, contact a licensed electrician to replace the obsolete outlet.
11. When unplugging the power plug or power adaptor, hold it by the plug. Do not pull on the power cord as it may damage to the power cord and may cause fire or electric shock.
12. Do not bend or twist or place any heavy object on the power cord.
13. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
14. **WARNING** Indicates a potential hazard that could result in serious injury or death and/or property damage.
15. **CAUTION** Indicates hazards that could result in minor or moderate injury and/or property damage.
16. Do not open or alter the casing of this product. Electric shock or injury may result.
17. Do not attempt to repair, modify, or disassemble this product. If any part of this product is damaged or frayed, contact an authorized service representative.
18. Never handle this product with wet hands as it may result in electric shock.
19. Do not insert any metallic objects into this product or into a contact.
20. Unplug the power plug or power adaptor before cleaning. Always use a dry, soft cloth for cleaning.
21. If the product emits smoke, excessive heat, abnormal smell or unusual noise, turn off the product and unplug the power plug immediately. Contact an authorised service representative.

22. Carefully locate any parts and/or accessories of this product to avoid potential tripping hazards.
23. Do not operate this product at high temperature and/or high humidity environment.
24. Application ambient conditions: Temperature: 0°C to 40°C; Non-condensing
25. This product must be disposed in accordance with the relevant federal, state, and local laws and regulations.
26. Never allow children to operate this product without proper adult supervision.
27. Do not place this product near any heat sources above 100°C.
28. Do not expose this product to excessive dust or vibrations, or high humidity, extreme cold or heat (such as in direct sunlight, near a heater, or near an air-conditioning vent).
29. Do not install this product where it would be exposed to direct sunlight or strong lighting.
30. Do not place a heavy object on this product to avoid product damage.
31. Do not pour or spray any liquid onto this product or its components. Accidental spillage of liquid into this product may cause serious damage. If this occurs, immediately turn off this product and unplug the power plug from the power outlet. Contact an authorised service representative for service.
32. Unplug this product when unused for a long period of time. Take out all the batteries from any components of this product to avoid leaking. Do not use leaked batteries.
33. Unplug the power cord before moving this product.
34. If this product falls down, immediately turn off the product and unplug the power cord. Otherwise, it may cause fire or electric shock.
35. Keep the writing surface clean.
36. Turn off the product before cleaning.
